

Boutique Wedding Photography by Vicky @ Sophoto.

A blend of natural documentary & fine wedding photography. We create unique wedding stories by combining our unobtrusive style with fun imagery, providing the perfect visual memories of your special day. All wedding packages (excluding mid-week) include your photographer and assistant to capture different moments & viewpoints, all images uploaded to an online password protected gallery (with shopping cart) for friends and family to view, travel within 60 miles of Watford and pre-wedding consultations & venue visit.

We don't like confusing pricing and have tried to keep everything very simple. There are no charges for additional locations or other hidden costs. The five packages below are our most popular options. They provide a range of coverage and products which offer great value. Extras (coverage & products) can be added to each collection to build the perfect package. All products are simply lovely and very unique to Sophoto. We truly don't think they can be beaten on quality or design.
